does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

Dr. Houghton's Pepsin has produced the most marvellous effects, in curing cases of Debility, Emaciation Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been limits of this advertisement; but authenticated certificates have been limits of this advertisement; but authenticated certificates have been limits of this advertisement; but authenticated certificates have been limits of this advertisement; but authenticated certificates have been limits of this advertisement; but authenticated certificates have been limits of this advertisement; but authenticated certificates have been limits of this advertisement; but authenticated certificates have been limits of this advertisement; but authenticated certificates have been limits of this advertisement.

It is a great Nervous Antidote, and particularly useful for tendency to Billious Disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the avii effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles health with interpresence.

OLD STOMACH COMPLAINTS There is no form of Old Stomach Complaints which it does not seem to reach and move at once. No matter how bad they may be, it gives instant relief? A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of blood, and vigor of body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide,

Dr. Houghton's Pepsin is sold by nearly all the dealers in fine drugs and popular medicines, throughout the United States. It is prepared in Powder and the Fluid form—and in Prescription vials or the use of Physicians. Private Circulars for the use of Physicians, may be obtained of Dr Houghton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a secret remedy, no objection call be raised against its use by Physicians in respectable standing and regular practice. Price One Boilar per bottle.

(C)—OBSERVE THIS:—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor. Philadelphia, Pa. Copy-right and Trade Mark secured.

THE GREAT KENTUCKY BEMEDY DR. JOHN BULL'S SARSAPARILLA!! Will Wonders never Cease?

If the following cures, performed alone by the use of BULL'S SARSAPARILLA, are not wonders, then we acknowledge that we do not know the meaning of the word. Read, and be convinced that facts are stranger than

LINE P. O., Fulton Co., Ky., Oct. I, 1851.

Dr. John Bull: Dear Sir.—The two dozen of your Sarsaparilla, ordered in September, came to hand, and, in acknowledging the receipt of the same, I feel I would be doing you injustice to withhold the following, among the many of the instances that have come under my observation, during the last two years, of the great curative properties of your Sarsaparilla:—

Mrs. Jeannette Martin, a highly respectable lady of my neighborhood, aged sixty-five years, had been long afflicted with a cancerous ulcer, which finally reduced her to so helpless a condition, that she could not leave her bed. She tried the best medjeal advice in our county, without relief, and had given up all hopes of a cure. At this stage of her case, I persuaded her son to take a bottle of your Sarsaparilla. He did so, and in a short time returned, and purchased another bottle, stating the first had had a decidedly good effect. She continued to use it until, after the use of fire or six bottles, I had the pleasure of seeing the old lady herself at church. She assured me that she had almost entirely recovered her health, and from her I received the account of her disease, and in about the same words I give it to yo.—This is but one of a number of cures under my observation—of very remarkable ones—performed by the use of your Sarsaparilla, in my neighborhood. The demand for it has steadily increased since its introduction here. Very respectfully, your obedient servant.

WM. R. DICKINSON, P. M.

BOILE COUNTY, Ey., Oct. 6, 1851.

Dr. John Bull: Dear Sir—I have seen the most marvellous cure of one of my patients, by your valuable medicine—an old lady, who had been afflicted from her childhood with scrofula, and various diseases of the brain. She was sixty years old. It had run into something like leproay, and she was the most frightful creature my eyes ever beheld. I called in Dr. McFadden, a very fine physician, to consult with me in relation to her. We came to the conclusion that it was out of our power to relieve her; but, on going to my office, I accidentally picked up one of your Journals, when, on seeing the wonderful cures your Sarsaparilla had effected, I resolved to try the experiment in this case. I took her two bottles of it, after taking which I perceived a great change. I took her same more. She is now taking the sixth bottle, and I consider her entirely cured. I take great pleasure in recommending your Sarsaparilla to the afflicted public.

Yours respectfully, BOYLE COUNTY, Ky., Oct. 6, 1851.

JOHN M. ROSS, M. D. I, Thomas A. Ringo, of Graves Co., Ky., for the benefit of mankind generally, do horeby certify, that en or about the lith day of October, 1847, I was attacked with a very severe pain in the lower part of the abdomen, which lasted but a few minutes, and moved into the left hip, and continued exceedingly painful for about five days, during which time I had a very light fever. At the end of that time the fever ceased, and the pain abated for a day or two, after which it again returned, and was much worse than before. During all this time I was under medical treatment. From a short time after I was taken, I was make ment. From a short time after I was taken, I was unable to walk or sit up; the hip in which the pain was so bad commenced rising, until some time in January, when it commenced rising, until some time in January, when it burst, and a number of pieces of bone came out—as many as twenty, at least. Some of the pieces were three-fourths of an inch long. Some time after this, a hard knot appeared on my right hip, also one on my right wrist, and one on my leg, below my knee. I continued to get weak and worse, and pain made its appearance in my right shoulder, and would move in my breast and stomach. At this time all persons gave me up to die. A physician thea told me that, as a last remedy, I had better use MR. BULL'S FLUID ENTRACT OF SARSAPARILLA. After the nee of the second bottle the knot on my wrist comthe use of the second bottle, the knot on my wrist com-menced getting soft. I opened it, and a day or two after, a piece of bone came out. My wrist soon got well, and I continued to gain strength. After I used the third bottle, I could get no more for some four weeks, after which time I could get no more for some four weeks, after which time I succeeded in getting three more bottles. After using the three last bottles, the knot en my hip became soft; it was opened, and some corruption ran cut, together with a small piece of bone, and the sore soon got weil, and the knot entirely diappeared. The sore on my leg also opened, and a piece of bone came out. I continued the use of the Sarsaparilla until I used twelve bottles, and am now entirely well; and able to do daily labor. It may seem strange to some, but I will here state that, during the summer of 1849, I coughed up three pieces of bone, which can now be seen at the residence of my unsle, Thos. Neal, where I now live, and if any persons desubt this statement, I will be happy to converse with them, if they will call on me. Signed, THOMAS N. RINGO.

Can the reader believe, after reading the description of the above numerous cures, that there is still a few human beings, suffering with disease, that refuse to give Bull's Sarsaparilla a trial. It is indeed hard to believe, but nevertheless, it is too true. What kind of testimony would it ertheless, it is too true. What kind of testimony would it take to convince the few remaining disbelievers, that Bull's medicine will do more even than it promises? The doctor could produce another and another cure performed by his medicine; but if the cases published above will not convice the seeptical, it is useless to produce any more, and, indeed, it would cost a fortune to publish the many certificates that have been showered on Dr Bull. The largest mammeth sheet in America would not contain even the names of those cured, let alone full statements of their
